

MORE POWERFUL THAN ANY COMBINED RECORDS MANAGEMENT PLATFORM (RMS)

Work in the field, on or off line, with our Windows Tablet or iPad based inspection software.

NOW WITH INTEGRATED DATA AND REPORTS FROM TCE

THE COMPLIANCE ENGINE

DESIGNED FOR FIRE INSPECTIONS

Uniquely designed to make fire inspections simple and efficient, with features you won't find in any other fire inspection software.

MANAGE HYDRANT INSPECTIONS

Now you can easily track and manage hydrant locations, maintenance, inspections and flow rates from your iPad or Windows-based tablet.

PROPERTY RISK ASSESSMENT

Similar to the original OVAP program, users can assign risk values to specific risk factors. These combined values will calculate a property risk score.

WEB-BASED INFRASTRUCTURE

Your data isn't tied to your desktop. Run reports, email notifications and schedule inspections from just about anywhere.

COMMUNITY RISK REDUCTION

Keep your community safer and more informed with community education, smoke detector campaigns, and home fire safety inspections.

INTEGRATED BILLING SERVICES

Fire Recovery USA, our sister company, is the leading cost recovery service in the U.S., providing a simple, automated solution for inspections & permit billing.

BRUSH & WEED ABATEMENT PROGRAMS

Streamline Inspections makes scheduling and managing nuisance vegetation inspections and weed abatement programs simple and efficient.

WINDOWS OR IPAD BASED FIELD INSPECTOR

Sync your iPad or tablet and work on or offline in the field, with access to features like dynamic rule sets and custom checklists.

STREAMLINE INSPECTIONS
